1 Blaise Pascal, one of the world's greatest mathematicians and scientists, once talked of the need for us to pause and rest and think in quietness.

2 He wrote:

*"All the troubles of life come upon us
because we refuse to sit quietly
for a while each day,
each of us in our own room."*

3 Let's pause in silence for a moment, each with our own thoughts.

(pause...)

4 We'll finish with a prayer written by Blaise Pascal, in which he asks for God's power to do both the little things and the great things of life:

5 *Let us pray:*

**Teach us, Lord,
to do the little things
as though they were great,
because of the majesty of Christ
who does them in us
and who lives our life.**

**Teach us to do the greatest things
as though they were little and easy
because of his great power. Amen.**
