

- 1 *“The sun is so large
that, if it were hollow, it could contain
more than a million worlds
of the size of our earth.
There are stars in space so large
that they could easily hold
500 million suns of the size of ours.”*
- 2 Let’s pause and think for a moment how
small we are in the Universe, yet we can
read in the Bible that God has written
the name of each of us on the palm of
his hand...
- (pause...)*
- 3 *Let us pray:*
- Lord God,
Creator of light,
at the rising of your sun each morning
let the greatest of all lights - your love
- rise, like the sun, within my heart.**
