- 1 Born on this day in 1879 was Albert Einstein, who became one of the most brilliant scientists. He found that his studies of science led him closer to God, and he wrote:
- 2 *"The most beautiful thing that we can experience is the MYSTERIOUS. It is the only source of true art and science. And those to whom this emotion is a stranger - those who can no longer pause in WONDER or stand wrapt in AWE - they are already dead: their eyes are shut."*
- 3 *Let us pray:*

**Father, preserve in us  
a sense of wonder  
at the marvels of life.  
May all that we see around us  
lead us to you. Amen.**
